Spring Review 2010  
Arlington, Virginia  
8-12 March 2010**

13 January 2010

Dear AFOSR Colleague,

It is with great pleasure that I invite you to the 2010 Air Force Office of Scientific Research (AFOSR) Spring Review, scheduled for 8-12 March at One Liberty Center, 875 North Randolph Road, located in Arlington, Virginia.

At this Review, Program Managers from each AFOSR directorate will present briefings that highlight their research programs. This provides an opportunity for AFOSR management to review the overall AFOSR research program for balance and completeness, and the individual portfolios for quality and focus.

Each year, AFOSR invites several organizations, including the Air Force Research Laboratory Technology Directorates, other government agencies, their contractors, members of the Air Force Science and Technology Board, and members of the Air Force Scientific Advisory Board, to attend. The participation of AFOSR's research partners strengthens the effectiveness of this Review. Your presence will give you a chance to observe current AFOSR programs, help you to better understand our mission, and perhaps suggest opportunities for collaboration.

Information on accommodations, transportation, and registration is enclosed. Please pass this invitation on to interested participants within your organization. If you have any questions regarding the Spring Review, please contact Ms. Carlota Klimas at: [carlota.klimas@afosr.af.mil](mailto:carlota.klimas@afosr.af.mil). AFOSR looks forward to seeing you and your colleagues at the 2010 AFOSR Spring Review.

Respectfully,

A handwritten signature in black ink, appearing to read "Brendan B. Godfrey".
